MEMORANDUM FOR: DCI

SUBJECT: Agenda Book for NSCIC Meeting

1. Attached for your approval is a revised briefing book for the upcoming NSCIC meeting. It is requested that you sign the memorandum to General Scowcroft with which we will forward the complete package, including a briefing book for each member.

2. The delay in resubmission of the briefing book to you was occasioned by the need to have a new printing run on the National Foreign Intelligence Budget Recommendations for FY 1975 since we did not have enough copies to provide one for each NSCIC member as you had requested.

25X1A9a [REDACTED] 3. All of the unclassified NSCID materials have been removed from the NSCIC briefing book and copies of the omnibus NSCID (revised as per your handwritten notes on the 21 January draft) have been provided to the Management Committee sub-committee charged with its coordination. This sub-committee consists of [REDACTED], Don Steinger and Paul Walsh. A copy of the NSCID also has been sent to John Warner for review.
